

Covid 19

Coronavirus is strange

We have to change

A couple of months ago

Two meters wasn't the flow

Schools have shut

And everyone is doing their cut

Before we all went to assembly halls

Now we are all on zoom calls

Friends aren't there

But they still care

We all need hope

Then we all can cope

Everything is returning to normal

We don't need to be formal

Wear your mask use the gel

Make sure to keep well
